The Mason LINE

by Chas Mason

We don't know how others feel, but we're getting pretty darn well fed up with the abundance with which a couple of our U. S. senators use such expressions as "Losing Our National Honor," "Appeasers," "Losing Face," etc. If these two hot heads had had their way we would have been at war three months ago.

But like kept his head and is calmly leading us through another crisis.

We were riled too about the continued imprisonment of our fliers in China, but we have great confidence in our president and now more than ever, we're convinced that the will have to run again, if only to eliminate the possibility of a man of lesser stature taking over his office.

Yes, we can only wish you good health, good fishing, good golfing and in all humility, we say: in our book, you're the greatest!

—ML—
We resent too the implication in the title of a recent book (chapters of which are appearing in a local metropolitan daily) "Why Johnny can't read." As a school board member and the father of two youngsters ten and eleven years old, we say, "Don't lump our kids in that category, brother, 'cause it 'aint us!" We were taught to read and spell phonetically, as the author advocates, some several years ago, and we guess we went around in about per for the course and we'll wager that our kids are farther advanced today, than we were at the same age.

—ML—
For the past several months, the L. G. School Board at a regular meeting, has been conducting a series of curriculum studies and demonstrations by the teachers on the methods and instructions used in our classrooms.

The board, superintendent and staff agree the experiment has been successful and as a consequence, starting in September, plan to continue the same type of meeting at each of the five schools in our district.

No system is perfect, and constructive criticism is encouraged, but "old-fashioned" irresponsible blanket statements about our schools must not go unchallenged by those of us who know them to be untrue.

—ML—
We think the story we heard some 30 years ago was much more applicable at that time than now.

The kid had just returned home from school and said to his mother:

"Learned to write today, maw."

"What did you learn to write, son?"

"Don't know, maw, I ain't learned to read yet."

Water District to Change Name

The 49-letter name of the La Mesa, Lemon Grove and Spring Valley Irrigation District, which the Review refers to as the L. G. water works, is going to be changed to a shorter name and one which is more descriptive of the general area, instead of listing individual sections of the district.

The board of directors of the district Tuesday met to discuss the Citizens Advisory Committee of the board to act as advisors to the board in the selection of a new, shorter name.

The action was made possible by an amendment to the State Water Code, voted by this session of the legislature. The bill, introduced by Assemblyman Jack Schrade of the 80th Assembly District, sets up procedure for an irrigation district changing its name. Until now there was no legal way for making such a change.

The board suggested to the Citizens Committee, chairman of which is D. Ray Grable, that the committee conduct a contest asking the public for appropriate suggestions. The board said it would present an appropriate award to the person suggesting the name selected.

It advised the committee that the name should be as brief as practical, but must contain the words, "Irrigation District." It should reflect the general area served by the district, but should not attempt to use individual names of any of the communities.

The law enabling the change will not go into effect until 90 days after the adjournment of the present session of the legislature.

\$2 1/4 Million Budget and Lemon Grove-Spring Valley High School Studied

A budget of \$2,250,041 will be considered by the board of trustees of the Grossmont High School District at its regular meeting Monday at 7 p.m. at the high school.

Several recent developments necessitate an immediate and thorough review of the district's building program which had been pointed toward a bond election in the early fall to authorize funds for construction of a high school to serve the Lemon Grove-Spring Valley area by September, 1957. Enrollment will have jumped from 4700 to 6500 by that time.

The most pressing question facing the board will be to determine a course of action regarding 25 classrooms at Grossmont High which do not meet standards established by the Division of Architecture for resistance to heavy earthquakes. A conference with a State Division of Architecture engineer was held Monday at board request. If these sub-standard classrooms are held to be definitely hazardous or unsafe for occupancy and should be abandoned, then the board must decide whether to go on a double session or use portable classrooms until the rehabilitation or replacement can be completed. Estimated cost of rehabilitation of the 25 classrooms involving 44,000 square feet, or replacement, is \$500,000.

The second factor which could upset the time table for the Lemon Grove-Spring Valley High is

the excessively high property tax.

A. B. 328 by Hegland and Schrade would have reduced local school district tax rates by 50c. However, the bill was lost in the Senate Finance Committee meeting on the effort by Mr. Hegland and Senator Dilworth to obtain approval.

The tax rate for debt service in the high school district is 74c and when combined with 68c in the La Mesa-Spring Valley or 68c in the San Diego Elementary District swells the excess load to 1.42 compared with a total of 35c in San Diego and to a normal maximum rate of 80c for non-state aided districts.

Relief from pyramiding could be achieved by the high school district if bonds were authorized to repay the state loan of approximately \$1,300,000. This would be refunded over a period of 20 years and would cut the high school tax rate for debt service to 40c. In order to gain this immediate relief, taxpayers would pay about \$250,000 more in interest costs over the 20 year period, however. Use of bonding capacity for this purpose would also delay financing of the fourth high school by one or two years.

These problems have been referred to the Grossmont Citizens Advisory Committee for study. The committee will hold its next meeting on Monday, June 10 at 9:30 in the Music Room at Grossmont High School.

Men's Club to Hear Annexation Report Friday

A report of the annexation committee will be heard Friday at the Men's Club, Bert Betts, club president, said earlier this week.

"We have a committee, and I believe it to be a good one," Betts said. "They are charged with a study of annexing to La Mesa and re-examining the study made on annexation to San Diego. A sense of direction should result from these studies," he added.

"Everything points to a need for some sort of municipal government and studies should be conducted until such time that a suitable pattern can be laid before the residents."

Serving on the committee are Lee Sparks, chairman; John B. Dail, Frenchy Faucher, Ray Purter, Eddie Loop, Freeborn Cressy and Henry Goldy.

The Dimmer VIEW

By MAX GOODWIN

I'm trying to decide whether it's less painful to admit my ignorance of how to run a sanitation district, or simply confess mental pauperism, and with it my inability to comprehend its operation.

In either event the pain comes partly from the fact that I had set myself up as a sewer district authority, and even went so far as to develop and publish a blueprint for a system in Spring Valley, which if I do say so myself, had considerable merit.

Suddenly I find that our own district, and ours is just a little ole district around which a fair-to-middlein' golfer could get with a couple of pitches and a putt, has become a complex thing, and the problems that come with complexity confuse me.

First, let me state that the board of supervisors make up the directors of the various sanitation districts. They sit as a sanitation district director for a bit, then change caps and become supervisors without changing seats. That confuses me too because I can't envision the supervisors becoming critical of the actions of the sanitation district board.

Most confusing of all, is the way La Mesa seems to have worked out the sewage problem for the 1,000 home development to be built across the top of Murray Hills to the north of Lemon Grove.

During recent years the city of San Diego and our county authorities have denied parts of Lemon Grove the use of the Lemon Grove sewer trunk. San Diego, to whom we pay a regular fee to accept our sewage, has been rejecting additional sewer hookups that were not in the drainage slope to the city. Their excuse, as has been the excuse of the county authorities, is that our trunk is overburdened. I recall how the residents of our community, some of whom contributed considerably to the history and growth of the area, made an impassioned plea for sewer relief in the American Homes, east of Imperial, and St. John of the Cross church areas. Particularly acute is the church problem because it houses an elementary school with hundreds of children who are potentially exposed to all the dangers of seeping effluent.

These people pled to be permitted to attend a tank which they would empty into Lemon Grove sewer trunks during the wee hours of midnight to dawn when the lines would otherwise be idle.

Added to the plea were the distressed souls of business people who had property suitable for business development east of Imperial but were denied building permits because of the sewer problem. These souls were particularly loud and convulsive at tax paying time, and I can't say that I blame them.

I think you'll now agree that a sewer district can confound and confuse. I can understand the action of the La Mesa city engineer in developing the Murray Hills sewer system to run through Lemon Grove while engineering the route from the development to run directly towards La Mesa's business section, but I can't understand how they can get a higher sewer priority than our old time residents.

Unless the regulatory authorities try to explain how Murray Hills effluent can flow through the Lemon Grove trunks that would not carry their own, I fear they will have some awfully unhappy constituents.

Horseback Beauty Shows Grace and Form

Edith Happy one of the trick-riding Happy Sisters of National Rodeo fame, will show grace and form when she tops an all star program of riders, ropers, bronc busters and clown antics when the Fifteenth Annual Rodeo is held Saturday and Sunday, June 18 and 19 at St. John of the Cross Rodeo Grounds.

A Fiesta will be held in conjunction with the rodeo.

The atmosphere of early western life will be recreated on Saturday and Sunday, June 18 and 19 when St. John of the Cross Catholic Church of Lemon Grove holds its annual Fiesta and Barbecue.

A top-notch rodeo will be held in conjunction with the Fiesta and Barbecue and the cowboys will vie for over \$2,000 in cash prizes sponsored by the Lemon Grove Chamber of Commerce.

A capacity crowd is expected and over 2,000 pounds of prime beef will be barbecued in the old fashioned pit method by one of San Diego's leading chefs. Everyone attending the barbecue dinner will receive a half pound of delicious barbecued beef along with many other home-cooked foods. Also included in the \$1.25 dinner price are baked beans, coleslaw, French bread, milk, coffee and cake.

A ticket to the dinner also entitles the purchaser to a chance for a merchandise prize both days. The dinner will be served from noon till 8:30 p.m. both Saturday and Sunday.

Plans have been completed for the gigantic Fiesta and over 22 booths will be packed with prizes just waiting to be won.

The rodeo will start on both days at 2:30 p.m. and the business people of Lemon Grove will wear western attire during the rodeo weekend.

A square dancing exhibition will be staged on Saturday night after the rodeo and additional entertainment is being planned.

The All Parochial School Band will play a two hour concert on Saturday evening after the rodeo concludes and will be free to the public.

Three major merchandise prizes will be given away during the two day event and chances are now being sold on a \$500, a \$300 and a \$100 merchandise certificate to be used by the winner for the purchase of any merchandise desired. The lucky winners need not be present to win.

The public is cordially invited to attend and there is free admission to the Fiesta grounds and the booths. Ample parking has been arranged close to the rodeo and Fiesta grounds for the convenience of the attending public.

The stretch between Cypress and North, on both sides of the tracks, is under consideration.

Newest attraction for the children at the Southern California Exposition and County Fair

Zoo Birds are Attraction At Jensen Ranch

Andy Jensen, whose ranch houses rare and exotic birds, is shown with one of the two pet emus he owns.

This emu, a male, has been an attraction at the Jensen Ranch on Washington near Adams, for many years.

Little Lisa Goodwin is the unwilling passenger. The emu can carry a weight of 66 pounds before his legs collapse.

—L. G. Camera Shop Foto

Having an emu bird in his back yard is old stuff for Andrew Jensen, 8225 Adams St., Lemon Grove. In fact his pride pet has been making Jensen's back yard his home for 14 years.

Emus come in all sizes and shapes, but this particular local specimen, originally from Australia where all emus originate, stands six feet tall and weighs 110 pounds and resembles an ostrich. The bird is a male but never quite fully developed. He eats green stuff and grain, so it isn't so expensive a fowl for emu lovers to maintain.

The interesting part of all emu life is that after the Mrs. lays her dark green eggs which look like overgrown avocados, she is completely through with her children. The husband has to babysit on the eggs for 30 to 60 days and then even after the offspring are hatched, it's up to "the old man" to raise the young.

Jensen has been raising odd and rare fowls as a hobby for many years. He was a cook, many years back, at Chicago's famous old Palmer House. Don't let the Danish name fool you, though, he is a native of Hamburg, Germany.

In 1934 "Andy" left Chicago and came to San Diego. After a visit to Lemon Grove he decided he liked it so well, because of the fresh air, he'd stay.

His hobby just grew like any hobby in its early stages. He (Continued on Page 6)

Firemen's Ball Called Success

More than 265 persons attended the Firemen's Ball Saturday night and about \$600 was realized from the sale of tickets, the Firemen's Relief Association reported.

The goodly turnout enjoyed the program of dancing, drawings, prize events and refreshments all of which, patrons said, appeared to be part of a better integrated program than in the events previously held.

Eddie Erusti, Padre pitcher, gave several autographed baseballs and the m.c. stint was capably handled by John Dail. All the firemen worked hard at making the program a smooth one.

The affair was held in the cafeteria at the Junior High School.

Local Democrats To Hear Graves Via Tape

The program committee of the Homeland Area Democratic Club has special interest in keeping voters well informed on superior and outstanding speakers who have appeared recently in San Diego. To emphasize the importance of the distinguished speech of Richard Graves, 1954 nominee for governor, a tape recording of Mr. Graves' recent talk will be presented during the regular monthly forum meeting, Friday evening, 8 p.m., Golden Avenue School, Lemon Grove.

Several invitations have been sent to various leaders to be guest moderators for an interesting evening such as Supervisor Dave Bird, labor consultant George Cheney and Dr. Lambron, president of La Mesa Democratic Club.

A service of the Homeland Democratic club is answering questions on the Democratic party organizations, elections, registration, activities, local, county, state and national information. A

call to HO 9-2916 will be welcomed for further inquiry.

The club goes on record as one of the most active in this part of the county, participating in local

and state legislative matters, during the 1955 sessions of the California legislature and will continue to do so as part of its action program.

LAW IN ACTION

KEEP DAMAGE DOWN

Even though you are the injured party, the law of torts holds that you must take reasonable steps to keep the damage to you down. Unless you try reasonably, you cannot collect for the damages that result from your failure to act.

Suppose through neglect John dropped a match in some gasoline and set fire to your garage. It burned part of the building and left your tools out in the rain.

You saw the tools lying around but decided to let them lie there for a while. You were sure. Several days later you saw that your tools were rusted and useless.

When you sued John for damages, you wanted to get the cost of replacing the building plus the damage to your tools. John claimed that he should not pay

for the tools. And he was right, as the court held.

Why can't you get damages for your tools? When you are harmed by the wrong (tort) of another, the law calls on you to cut down the damages so far as you reasonably can.

Of course, you do not have to spend a lot of money or take dangerous risks. But within reason you must use the means at hand to prevent needless damage. You could have easily covered up your tools or moved them in out of the rain.

Where you do not try to cut down the harm, you can get only those damages which you could not have reasonably avoided.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

SPEAKING of CARDS

DIAMONDS ARE PRICELESS

Most of us see in a deck of playing cards an inexpensive, wholesome way of spending a few relaxed hours with friends. In addition, some famous Americans have found even greater and more ingenious uses for the pastime.

Benjamin Franklin, in addition to being statesman, author and inventor, was one of the first manufacturers of playing cards in the United States. He even used cards in some of his early electrical experiments. In 1751, Franklin made a "friction machine" which revolved friction by means of a belt connecting two wheels, over which hung a silk curtain. On a revolving rod at the top were eight discs cut from old playing cards.

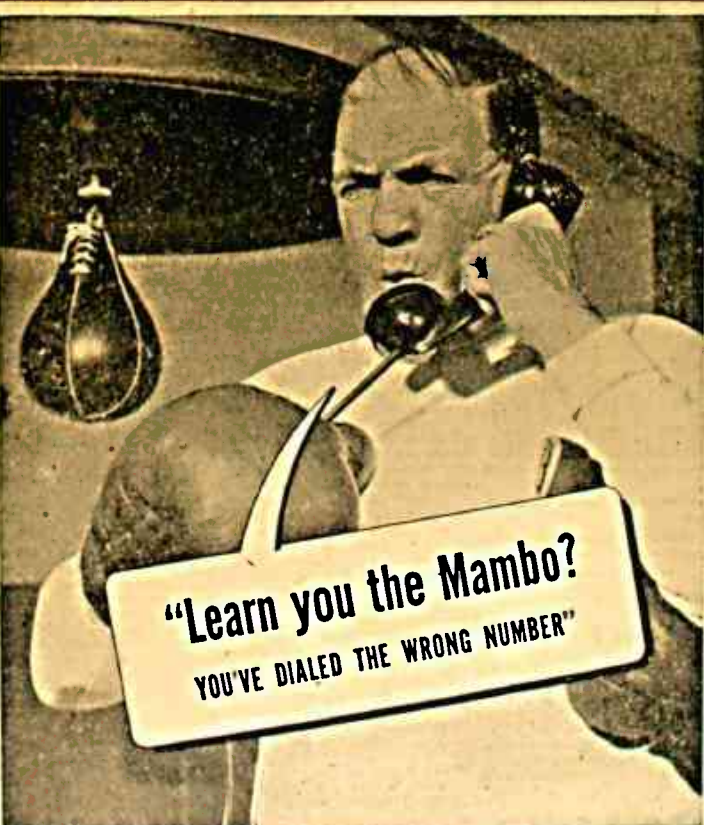

Around 1750, it was the style to send invitations written on the backs of playing cards. There is one such card in a collection of historic playing cards at the Cincinnati Museum. On the back of the card is an invitation written in the granddaughter

of the first mayor of Philadelphia. In lovely old script it says, "The gentlemen of the Army present their compliments to Mrs. Jeynell and beg the favor of her company to a ball at the Statehouse on Monday next." The well-known Lord Geoffrey Amherst was another famous person who followed this custom by using playing cards with plain backs for the handwritten invitations he sent out for some of his famous parties. In his time it was popular to cut cards into quarters and to use the sections as visiting cards. This may well have been the origin of our modern visiting cards.

In 1785 playing cards were used at minimum cards to the classes at the University of Pennsylvania.

One of the most unusual uses for cards and certainly the most expensive one ever made was a single playing card that sold at public auction in 1861 for \$12,750. The card was a five of diamonds, appropriately, which contained a miniature painting by Hans Holbein, the famous German painter who lived in the 15th Century and who was one of the foremost artists of his time.

Paintings on playing cards are rare nowadays but many people find that it is fun to trim up their old decks and fasten them together in unusual table decorations for parties, or to cut up the face cards and paste the heads on paper match-cases.

How to make sure you get the right number

Look it up. Be sure you look up the right number in your directory or Blue Book before you start to dial.

Let it down. It helps to have the number written down in front of you so you don't forget it while you dial.

Dial the complete number. Be sure you dial the first two letters and the numeral of the prefix, then the other four figures. For example, to call CYPRESS 5-7599, first dial C-Y-5, then dial 7-5-9-9. Pacific Telephone

THE SHOW'S THE THING!

Filmed in color and cinema-scope, Columbia's large-scale horse-epic, "The Violent Men," opened this Wednesday, June 8, at the Grove Theatre. "The Violent Men" is packed with top names, such as Barbara Stanwyck, the wife, Edward G. Robinson, the cattle baron and husband; Brian Keith, Eddie's right hand pal; and Dianne Fuster, his daughter. Robinson plans for an empire and almost succeeds until he starts pushing around Glenn Ford, an ex-war vet, who bests the gunslingers at their own game and finally wins the hand of Miss Foster. The companion feature is "So This is Paris," which is a bit of musical nonsense, full of songs, comedy, and dancing. It is in color and with some saucy Navy boys. Tony Curtis, Gene Nelson and Paul Gilbert, and their experiences with Gloria DeHaven and Corinne Calvet while on shore leave.

The two features at the Saturday matinee are "So This is Paris" and "Bomba in 'African Treasure'."

The movie "Six Bridges to Cross," which opens this Sunday at the Grove Theatre, is an excellent pic, but somewhat controversial, on the subject of policemen. When six men stage a daring \$2,500,000 holdup at the headquarters of an armored car delivery service, suspicion immediately falls on Tony Curtis, one-time juvenile delinquent and ex-con, although he has gone straight. To save himself from deportation—he is classed as an enemy alien—he confesses; the loot is returned and Curtis goes to the pen.

The co-feature is "The Fast and the Furious." This is an action film about sports car racing and stars John Ireland and Dorothy Malone. It's about a fugitive from a murder charge who captures a wealthy girl in a Jaguar, and attempts to get across the Mexican border as a contestant in the international motor races. R. T.

They have three children: Maurice, Charles and Rhoda Light; and five grandchildren.

The couple will take a "honeymoon" to Las Vegas in July. Mrs. Kahan said because "We didn't have a honeymoon when we were married."

EIGHTH GRADE GRADUATES TO TAKE LA JOLLA EXCURSION

Seventh and eighth grades of the Lemon Grove Junior High forget books, classes, and assignments this Friday, June 3, when planned recreational activities take over from the routine everyday work of school. Approximately 225 graduates of the eighth grade will travel by school bus and private cars to La Jolla Shores for the annual excursion day so eagerly awaited each year. Leaving at 9 a.m., the boys and girls will spend the day swimming and playing on the beach under the supervision of parents, teachers, and city life guards. The class will return to the junior high at 3 p.m.

Seventh graders will celebrate the annual play day at the school during the afternoon, engaging in games and contests on the athletic field. Activities include a three-legged race, orange pass-

Mrs. Forster Rand Smith, AAUW South Pacific Regional vice president and past president of the California State Division will install new officers and talk about the coming national convention in Los Angeles.

ing, dodge ball, softball, baseball, egg throwing, tag-o-war, potato-throwing, volleyball, tennis, round robin, and the much-anticipated chariot race among the several homerooms. A special picnic lunch will be prepared for them by the school cafeteria.

Clyde Hayden, new manager of the Grove Theatre, is awarding 40 passes to the shows to the homeroom of the seventh grade that scores the greatest number of points during the games.

RURAL CRIME WAVE

Reports from rural areas for the first part of last year indicated an 11.9 per cent increase in major crimes over the same period of the previous year. According to the American Peoples Encyclopedia Yearbook for 1955, crimes of violence, such as murder and assault, increased in rural areas while they declined, for the most part, in cities.

GROVE MAYFAIR WINS BASEBALL TOURNEY

Hard hitting and hard playing marked the first annual baseball tournament between Mayfair blarkets in San Diego County. Lemon Grove won the affair handily.

Sparked by the home run hit-

ting of Harvin Ford; the pitching of Glen Hodges and Ralph Richardson, and the fielding snap of Larry Childress, the Lemon Grove aggregation took North Park Mayfair 4-0; Euclid Avenue Mayfair 14-8 and Chula Vista 9-3.

The tourney was held at Big Oak Ranch May 29 and the winners hold a one year trophy. Everyone was sunburned and stiff the day after the tourney.

Sports Roundup

The fighting footballers out Grossmont went and did it! They just won the Southern California Interscholastic Federation small schools baseball championship, defeating Puente, 5-0, on the Holix High School layout.

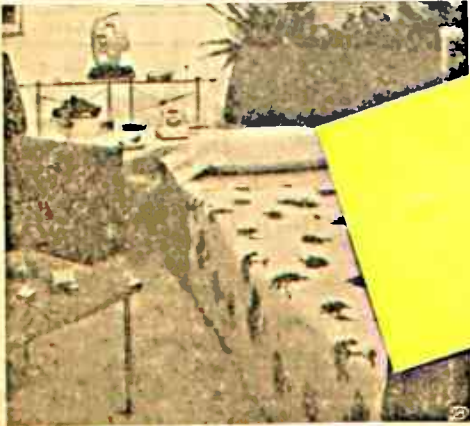

Harry "Skip" Fenn pitched the winning efforts for Grossmont, giving up only three hits while whiffing one short of a dozen batters. For Grossmont it was eight runs on 11 hits, while Puente had no runs on three sparse smacks.

Once again Fullerton took the measure to beat San Diego High School in the semi-finals of the large school's baseball playoffs. This time the score was 7-3 with Kent Haws capturing the defeat, even though Deron Johnson came in the fifth to relieve him and try to save the day for the save-men.

For San Diego it was three runs, eight hits and five errors. Fullerton had seven runs, 11 hits and only two miscues.

Sport Shorts: Deron Johnson, San Diego High pitcher, was named the City Prep League's "Player of the Year." Johnson, a righthander, bottled 347 and had compiled a 6-1 record. His earned run average was a remarkable 1.11. . . Three national prep high school records were set last week during the California state finals in track, up at L. A. Charles Dumas, Centennial High School high-jumper, leaped 6 feet 8 1/2 inches. Todd White of Newport Harbor won the mile in 4:26. Jefferson High of Los Angeles bettered the 800 yard relay record of 1:27.6. The Jeff lads "sprinted" it in 1:27.4. —R. Y.

Gracious Living

HOUSE & GARDEN FEATURE SERVICE

Having friends and relatives come to stay for a visit or putting up an overnight guest at a moment's notice provides the true pleasure of hospitality. But, as we all know, the extra guest room has become a luxury of the past. How then can you make a guest feel not only welcome but comfortable? The answer lies in your own ingenuity and planning—but you can get very useful assistance from the current issue of House & Garden magazine which features, with wonderful pictures, six different types of beds-in-dish which enable you to turn a living room, study or recreation room into an extra bedroom.

Giving a party can be the greatest fun in life—but until you're an experienced hand at entertaining good parties just don't come naturally. They are a result of sound planning and you can use the advice of experts this summer by following this magazine. Hints on planning your guest lists and entertainment are included together with recipes for more than 30 exquisite casserole dishes, hot or cold. You can get ideas for striking table settings and be-

cause it is important for the hostess to show her ingenuity photographs and instructions have been provided for eight new ways to fold table napkins.

Today there is a new vogue for American wines—and the hostess can learn about the important classes and types of wines and their uses. Modern home-makers vote for wine because it improves a meal, pleases the palate, stimulates conversation and aids digestion—all without straining the budget.

Among the many other subjects in which House & Garden helps the home-maker in gracious living and entertaining are: how to make the most of your dining space; the right way to frame and hang pictures; how to own museum pieces on a small budget; how to collect and store your books and records. For the newlyweds or those about to get married experts have tackled the problem of how to plan a small house with pictures and plans in an authoritative article and there are hosts of new product ideas to brighten up your home inside and out.

Tips For Making Indoor Air Smell Flower Fresh

Not so long ago the word aerosol became part of our everyday vocabulary. It is not a new word—for you'll find it in the dictionary—where it's described as a system of dispersing solid or liquid particles. This method of dispersing liquid particles was adopted by the Colgate-Palmolive Company which wanted to provide an air deodorant without a wick so that there'd be no waiting for last odors to disappear, or waste of the product while it stood exposed to the air and where it might frequently be forgotten—an air deodorant with No Wick—No Wait—No Waste.

During the winter months when most of us are prone to keep windows closed in an effort to save on fuel bills, bad odors from cooking or smoking are likely to stay put so that the minute someone walks into the house, she knows what you're having for dinner, what brand of cigar your husband smokes, what chemical junior has been playing with in his chemistry set—or worse yet—that you haven't emptied your ashtrays lately.

And if a visitor calls, and this visitor happens to be the most fastidious lady in the neighborhood, you rest assured she'll have her definite opinions about your house-keeping abilities. You can also be sure that she won't keep it to herself.

Actually, there's no reason why your house can't smell flower-fresh all day if you use Florient aerosol air deodorant wisely. So, instead of spraying it wildly all over the room at one time, just give the aerosol trigger one quick short push . . . and the instant-action will do the job well. Repeat this two or three times a day.

And incidentally, your fingers and dress can take on the fresh-air, flower-fragrant odor too. Try spraying the base boards of your clothes closets or the corners inside your bureau drawers every now and then. It will help you feel fresh as a daisy and neat as a pin.

Your want-ad appears in two newspapers for the one low price.

John M. Carr, 435 Cardiff St., Lomita Village, age 67, died June 2. Prayer services were held at Conrad Mortuary. Mr. Carr's remains were sent to Cotebo, Oklahoma for burial.

RED FEATHER HELP GIVEN L. G. RESIDENTS

Thirty-three Lemon Grove families received \$1,650 worth of counseling help from Family Service last year. Four families in this area are now on the Red

Feather agency's rapidly mounting waiting list.

These figures were announced yesterday by Howard E. Crofts, president, who said requests for guidance in marital and parent-child problems have recently skyrocketed. He said, "Requests for help have risen because people are growing more aware of what Family Service can do and the majority of our cases have found the guidance a real help. The waiting list is growing longer because even with two more case workers this year we are now understaffed and haven't sufficient funds to remedy the situation."

Crofts said families on the waiting list have been waiting for as long as six months for help on problems "that can only grow

more acute if allowed to fester." The bulk of the Family Service cases, he added, are young married couples "who should be encouraged to ask for guidance rather than divorce."

Mrs. Green Sets Nine Hospital Fair Ticket Areas

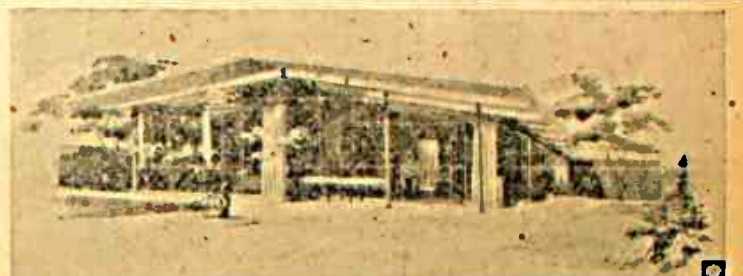

Admission tickets for Grossmont Hospital Women's Auxiliary's forthcoming Country Fair are being made available in the nine areas that make up the auxiliary, according to Mrs. L. M. Green, Spring Valley, admission ticket chairman for the event.

The fair, which is being planned to provide a day of fun and frolic for the young and not-so-young—with Grossmont Hospital's landscaping the beneficiary—will

be held on Saturday, June 25, 11 a.m. to 10 p.m., on the grounds of Lemon Avenue Elementary School, La Mesa; admission donation, 25c.

Gaiety will be the keynote, with music, entertainment, movies, dancing, exhibits, and lots of things to do and see, as well as home-cooked foods, handiwork, snacks, and a delicious buffet-style dinner among many things to buy.

Serving on Mrs. Green's ticket committee are the following, through whom tickets may now be obtained: Mmes. Verlie Boyd, Alpine; E. W. Nystrom, Lakeside; A. L. Ballantyne, El Cajon; G. Roger Myers, Fletcher Hills; R. H. Woolman, Grossmont; Le Roy Booth, La Mesa; Elmer M. Fennell, Lemon Grove; D. R. Rodgers, Spring Valley; James R. Tindell, Jamul.

TWICE AS MUCH LIVING SPACE AT HALF THE PRICE is provided in flexible design of this new "living-conditioned" home for California and the Western states. Natural colors and glass panels blend outdoor areas with indoor rooms, giving more usable space for relaxed outdoor-in-door living, informal entertaining and children's games. Architect Dunn Emmons of San Francisco solves problems of privacy, noise and different age groups in a limited living area with this five-tone electric home. Developed from \$1,600,000 research to meet housing demands of 40,000 young homemakers, Western home has three bedrooms, two baths, living room with fireplace, pushbutton kitchen, family room and outdoor terraces. Special "conditioning" features for luxury living at low cost include improved lighting, noise and temperature control and greater safety. Traffic flow through house circles a center kitchen area, lighted and ventilated by a butterfly skylight. Living room with adjoining bedroom and bath is screened by natural and artificial sound baffles from noisy play areas. Western home is one of four prize models in Hotpoint's Golden Anniversary celebration this year. Over 120 such homes, sponsored by local builders and a leading national magazine, are now being constructed in 44 states for public inspection this Spring and Summer.

At 7:30 Thursday evening, June 2, Boy Scout Troop 108 played host at a Court of Honor at Friendship Hall, Congregational Church, to welcome to the community the new Scout Troop 309.

The program was opened by Charlie Kitchell, Troop 108 committee chairman with a flag ceremony by the junior staff of Troop 108. The invocation was given by the Reverend Bruce Puschel. Mr. Kitchell then introduced Jim Hopkins as the new Troop 309 committee chairman and turned the program over to him for introduction of his Scoutmaster and troop committee.

The Scholarship Merit Badge to H. Hall Jr., Home Repairs Merit Badge to R. Curley and Woodworking and Citizenship in the Nation Merit Badges to D. Heiserman.

New junior officers for both troops were installed by the Scoutmaster of Troop 108 and appropriate badges given as follows:

Sports Roundup

The fighting foothilllers out Grossmont went west and did it! They just won the Southern California Interscholastic Federation small schools basketball championship, defeating Puente, 8-6, on the Helix High School layout.

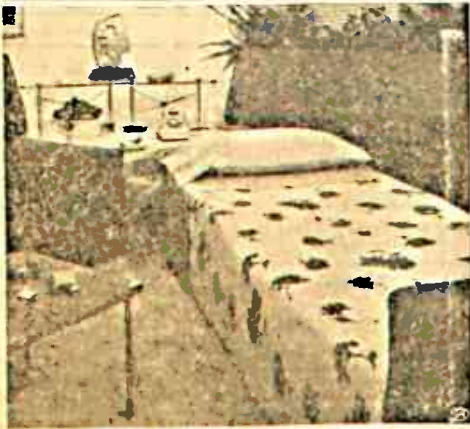

Harry "Skip" Fenn pitched the winning efforts for Grossmont, giving up only three hits while whiffing one short of a dozen batters. For Grossmont it was eight runs on 11 hits, while Puente had no runs on three sparse smacks.

Once again Fullerton took the measure to beat San Diego High School in the semi-finals of the large school's baseball playoffs. This time the score was 7-3 with Kent Haws suffering the defeat, even though Deron Johnson came in the fifth to relieve him and try to save the day for the caversmen.

For San Diego it was three runs, eight hits and five errors. Fullerton had seven runs, 11 hits and only two misplays.

Sport Shorts: Deron Johnson, San Diego High pitcher, was named the City Prep League's "Player of the Year." Johnson, a righthander, batted .347 and had compiled a 6-1 record. His earned run average was a remarkable 1.11. . . . Three national prep high school records were set last week during the California state finals in track, up at L. A. Charles Dumas, Centennial High School high jumper, leaped 6 feet 8 1/2 inches. Todd White of Newport Harbor won the mile in 4:20. Jefferson High of Los Angeles bettered the 800 yard relay record of 1:27.8. The Jeff lads "sprinted" it in 1:27.4. —B. T.

Gracious Living

HOUSE & GARDEN FEATURE SERVICE

Having friends and relatives come to stay for a visit or putting up an overnight guest at a woman's home provides the true pleasure of hospitality. But, as we all know, the extra guest room has become a luxury of the past. How then can you make a guest feel not only welcome but comfortable? The answer lies in your own ingenuity and planning—but you can get very useful assistance from the current issue of House & Garden magazine which features, with wonderful pictures, six different types of beds-in-disguise which enable you to turn a living room, study or recreation room into an extra bedroom.

Giving a party can be the greatest fun in life—but until you're an experienced hand at entertaining good parties just don't come naturally. They are a result of sound planning and you can use the advice of experts this summer by following this magazine. Hints on planning your guest lists and entertainment are included together with recipes for more than 30 exquisite casseroles, dishes, hot or cold. You can get ideas for striking table settings and be-

cause it is important for the hostess to show her ingenuity photographs and instructions have been provided for eight new ways to fold table napkins.

Today there is a new vogue for American wines—and the hostess can learn about the important classes and types of wines and their uses. Modern home-makers vote for wine because it improves a meal, pleases the palate, stimulates conversation and aids digestion—all without straining the budget.

Among the many other subjects in which House & Garden helps the home-maker in gracious living and entertaining are: how to make the most of your dining space; the right way to frame and hang pictures; how to own museum pieces on a small budget; how to collect and store your books and records. For the newly-weds or those about to get married experts have tackled the problem of how to plan a small house with pictures and plans in an authoritative article and there are hints of new product ideas to brighten up your home inside and out.

Tips For Making Indoor Air Smell Flower Fresh

Not so long ago the word aerosol became part of our everyday vocabulary. It is not a new word—for you'll find it in the dictionary—where it's described as a system of dispersing solid or liquid particles. This method of dispersing liquid particles was adopted by the Colgate-Palmolive Company when it wanted to provide an air deodorant without a wick so that there'd be no waiting for hot odors to disappear, or waste of the product while it stood exposed to the air and where it might frequently be forgotten—an air deodorant with No Wick—No Wait—No Waste.

During the winter months when most of us are prone to keep windows closed in an effort to save on fuel bills, bad odors from cooking or smoking are likely to stay put so that the minute someone walks into the house, the knives what you're having for dinner, what brand of cigar your husband smokes, what chemical junior has been playing with in his chemistry set—or worse yet—that you haven't emptied your ashtrays lately.

And if a visitor calls, and this visitor happens to be the most fastidious burglar in the neighborhood, you can rest assured she'll have her definite opinions about your housekeeping abilities. You can also be sure that she won't keep it to herself.

Actually, there's no reason why your house can't smell flower-fresh all day if you use Florist aerosol air deodorant wisely. So, instead of spraying it wildly all over the room at one time, just give the aerosol blower one quick short push . . . and this instant-action will do the job well. Repeat this two or three times a day.

And incidentally, your fingers and dress can take on the fresh-air, flower-fragrant odor too. Try spraying the lace bands of your clothes closets or the corners inside your bureau drawers every now and then. It will help you feel fresh as a daisy and neat as a pin.

Your want-ad appears in two newspapers for the one low price.

TEAMWORK IS MT. HELIX COUNCIL P-TA SLOGAN

With the state slogan, "Teamwork Does It," for inspiration, the P-TA program planning committee met Wednesday, June 8 at the La Mesa Education Center to consider programs for Mt. Helix Council for 1955-1956. Sparked by Mrs. J. M. Gillean, leader, the meeting was attended by unit program chairmen and presidents from the 14 P-TAs in the La Mesa, Spring Valley, and Lemon Grove area. Following an evaluation of the 1954-55 council program, the group discussed possible topics and techniques for the coming school term.

All units were represented at the recent Ninth District workshop in P-TA policies, according to Mrs. Don Irwin, president. This included Bancroft P-TA, newly-organized group of La Mesa.

At the district council workshop that same week, five Mt. Helix Council officers participated. Mrs. S. K. Solleder, junior past president, helped lead a panel discussion. Mrs. Don Irwin, Mrs. J. M. Gillean, Mrs. R. E. Higgins, and Mrs. Earl A. Casner.

LOMITA VILLAGE MAN DIES

John M. Carr, 435 Cardiff St., Lomita Village, age 67, died June 2. Prayer services were held at Conrad Mortuary. Mr. Carr's remains were sent to Cotebo, Oklahoma for burial.

RED FEATHER HELP GIVEN L. G. RESIDENTS

Thirty-three Lemon Grove families received \$1,650 worth of counseling help from Family Service last year. Four families in this area are now on the Red

Feather agency's rapidly mounting waiting list.

These figures were announced yesterday by Howard E. Crofts, president, who said requests for guidance in marital and parent-child problems have recently skyrocketed. He said, "Requests for help have risen because people are growing more aware of what Family Service can do and the majority of our cases have found the guidance a real help. The waiting list is growing longer because even with two more case workers this year we are now understaffed and haven't sufficient funds to remedy the situation."

Crofts said families on the waiting list have been waiting for as long as six months for help on problems "that can only grow

more acute if allowed to fester." The bulk of the Family Service cases, he added, are young married couples "who should be encouraged to ask for guidance rather than divorce."

Mrs. Green Sets Nine Hospital Fair Ticket Areas

Admission tickets for Grossmont Hospital Women's Auxiliary's forthcoming Country Fair are being made available in the nine areas that make up the auxiliary, according to Mrs. L. M. Green, Spring Valley, admission ticket chairman for the event.

The fair, which is being planned to provide a day of fun and frolic for the young and not-so-young—with Grossmont Hospital's landscaping the beneficiary—will

be held on Saturday, June 25, 11 a.m. to 10 p.m., on the grounds of Lemon Avenue Elementary School, La Mesa; admission donation, 25c.

Gayety will be the keynote, with music, entertainment, movies, dancing, exhibits, and lots of things to do and see, as well as home-cooked foods, handiwork, snacks, and a delicious buffet-style dinner among many things to buy.

Serving on Mrs. Green's ticket committee are the following, through whom tickets may now be obtained: Mmes. Verlie Boyd, Alpine; E. W. Nyström, Lakeside; A. L. Ballantyne, El Cajon; G. Roger Myers, Fletcher Hills; R. H. Woolman, Grossmont; Le Roy Booth, La Mesa; Elinor M. Fernald, Lemon Grove; D. R. Rodgers, Spring Valley; James R. Tindell, Jamul.

DANCIN' DUDES

The revived Dancin' Dudes are again having a great time at their dances on Friday nights at St. John of the Cross. Soon we will be dancing out under the stars.

Juan Frank has been chosen as our new regular caller and he is doing a good job of it. More interest is being shown than for a long time. We always have guest callers so we can keep a lively dance going. Clarence Montgomery and Don Frank are always there with some of their popular calls.

The Dancin' Dudes welcome one and all if you want a real swell evening of square dancing. Any teenagers who like to square dance, come on down. We have a few now and would like to have more. It's lots of fun. Just ask those teenagers who already dance.

If enough interest is shown, maybe we can get a new beginners class started. Anyone interested in learning call Al Lindsay — HO 8-0228 and we will see if enough couples or singles can be recruited to start a new class.

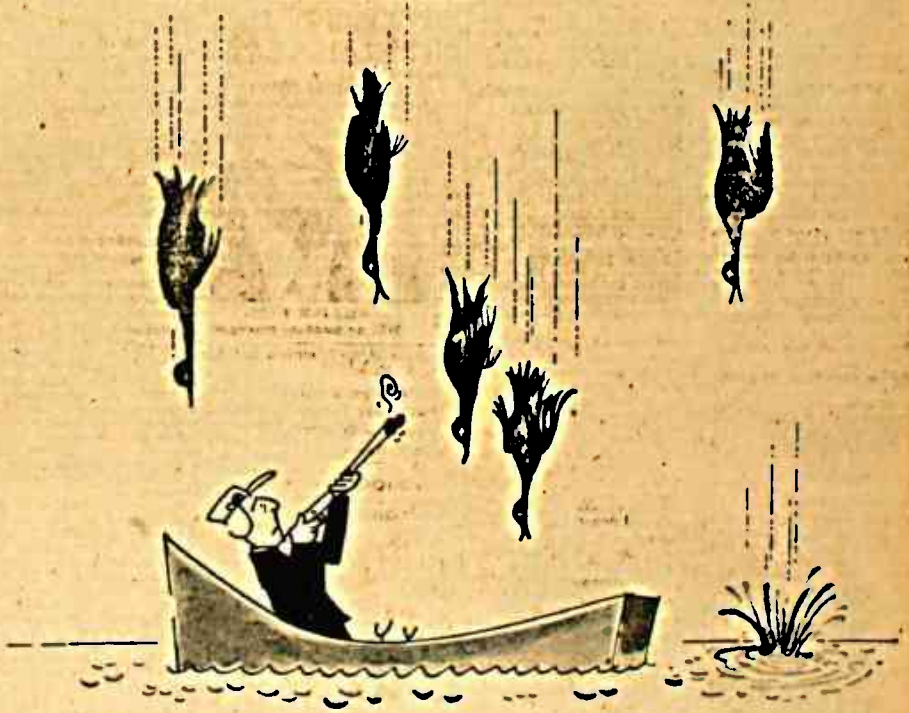

GRANDMOTHER OF LOCAL MAN PASSES AT VISTA

Sallie E. Thum, 89, the grandmother of a Lemon Grove businessman, died May 31 at Vista. It was announced by Conrad Mortuary. Mrs. Thum is the grandmother of Charles Adams, 2737 Imperial Avenue, operator of Evelyn's Flowers.

She was at Louisville, Kentucky. She is survived by six grandchildren and nine great grandchildren. Arrangements were handled by Conrad Mortuary.

SAY MISTER

YOUR FAMILY NEEDS A HOME FREEZER

The hunter who bags the limit and the fisherman who hooks the big ones... realize the wonderful convenience of a Home Freezer for storing their catch.

Of course... your hunting and fishing contributions to the family larder are just part of the story. With a Home Freezer your wife could store meats, fresh foods, complete frozen meals, frozen foods... and save herself time, trouble, and money.

Not only that, but a Home Freezer would mean greater diet variety, easier meal preparation, and better eating for the entire family.

Today, a Home Freezer is an important part of modern living. See your appliance dealer. Let him show you how a Home Freezer can make your life better than ever. He'll be glad to arrange easy terms.

BUREAU OF HOME APPLIANCES OF SAN DIEGO COUNTY

GUY SHOWLEY, San Diego hunting enthusiast, says: "Ours is one of San Diego's many two-freezer families... with one marked H&S and the other HERS. Mine is for preserving game, exclusively... while my wife fills hers with frozen foods. Our Home Freezers have proved their worth a hundred times over!"

Throwin' The Bull

By BOB TURNBULL

It's a joke, son! "And what will you do, my dear, when you are as big as your mother?" "Diet," said the little girl.

JC Awards... were recently given out at the annual spring awards assembly at San Diego Junior College. Those alumni from Helix getting awards were Jim Ethridge, vocal music; Bob Turnbull, publicity; Don Warfield, associated men students; Wes Russell, most improved basketball player; Carlos Fackrell, intramural athlete of the year; Carlos Fackrell again, life pass in football; and Bob Turnbull, next Fall AS president. At the assembly the first JC Men's Quartet (consisting of two Helix lads) sang "Sweetheart of Sigma Chi" and "Coney Island Baby." The two fellows are Fackrell and Ethridge.

The Show's the Thing!... New playing at the Grove Theatre: "The Violent Men" starring Barbara Stanwyck, Edward E. Robinson, Dianne Foster and Glenn Ford; also "So This is Paris" starring Tony Curtis, Gene Nelson, Gloria DeHaven and Corinne Calvet. Starts Sunday: "Six Brides to Cross" starring Tony Curtis and "The Fast and the Furious" starring John Ireland and Dorothy Malone.

Duchess... Two weeks ago Marilyn Kresser (La Mesa) held a party in her home with the usual refreshments and also announced the new officers of the Duchess club of Helix High School. They are: Grand Duchess, Lorraine Sawyer (Marilyn Kresser); Lesser Duchess, Connie Mastorakos (Marilyn Apple); Scribe, Bobbie Sable (Sue Bled-

see); Financial Scribe, Leilani Rose (Lorraine Sawyer); Historian, Diane Curtis (Pat Adams); and Intra-club council, Kay Armstrong (Leilani Rose). The names in parenthesis were the old members.

Heatherettes... The Heatherettes of Helix also installed new officer recently. They are: president, Louise Robinson; vice president, Barbara Graham; secretary, Pat Thrall; treasurer, Barbara Adams; historian, Mary Beth Coker and intra-club council is Marlene Mills. They had a banquet at Michael's restaurant in Lemon Grove last Wednesday.

Dig Me?... Man, I just blew in from the big apple, lighted up a box fire and the Davy Crockett told me to cop a squat. I stuck it out for a deuce of haircuts but felt like shovin' them in the deep six. Then some old creaker and a fine dinner grabbed my flappers and threw me through a gasot. Man, I haven't had any goo or ground grabbers since the heavy heat stretch. But my idea got in in there and I can still blow the fish horn. Dig me?

Pages from the Ages
To Be Rose Parade Theme

"Pages from the Ages" has been chosen as the theme of the 57th annual Tournament of Roses Parade in Pasadena New Year's Day, as a result of a public contest in which 5300 persons from 150 communities participated.

Fascinating Fashions
by Judy Seaton

Wishing for weekends seems to be a national institution. Well, of course, that's when most of us don comfortable clothes and relax at picnics... at beaches... and even at home, says Rosemary Rice, "Kicks" of CBS-TV's "Mama" show, given Fri. 8-10 p.m. EST.

Bermuda shorts are more popular than ever, especially when combined with a matching skirt. Made of linen and rayon (for coolness), one particular set has hand detail on the pockets of the accompanying skirt. Ideal for matching or contrasting with tailored shirts, they're available in chamois, tan, cordover blue and navy as well as the dramatic tartan plaids.

If you especially like short shorts, you can choose from any, vivid cotton prints of butterfly, tangerine, lemon peel, mocha and Caribbean blue. One cute model has a built-in apron top and decorated pockets at the hip. Full skirts which button down the front or side are the perfect cover up for dinner stops while motoring.

Sundresses, too, are nice for relaxation, as well as a tan. Many are mixed and matched while others are of one solid hue or print. One of bold, Roman stripes has a generously pleated skirt and narrow shoulder straps to allow for a good tan. The corresponding blazer jacket has short sleeves.

DO you know the A B C's of Lemon soups? They're A for asparagus, B for black bean, and C for cream of celery and clam chowder. Then there's G for green pea, M for cream of mushroom, T for tomato, and V for vegetarian vegetable.

All these soups are melt-in-mouth and condensed. Just add a small amount of water or milk to the canned soup and heat to simmering. You'll meet with success every time.

For two-fold success in the soup department, try combining 2 melt-in-mouth soups. Simply blend soups in a saucepan and add 1 1/2 cups-cups of water or milk. Try these:

cream of celery and clam chowder
tomato and clam chowder
tomato and cream of celery
black bean and tomato
clam chowder and green pea
vegetarian vegetable and cream of celery
green pea and tomato
clam chowder and vegetarian vegetable

President Alfred Gerrie announced today.

Mrs. Harry Eder, a mother of three children, residing at 2162 North Grand Oaks Avenue, Altadena, submitted the suggestion that won the contest. She obtained the inspiration for the theme suggestion from her children who represent three ages, six months, 11 and 14 years.

This theme will enable float builders to spread their imagination in floral design on subjects of the present age as well as the past, President Gerrie stated.

"It is almost certain that we will have a Davy Crockett float," Dr. Gerrie said, "Lindbergh's historical flight would be another page as well as events in the sports world, the world of romance and adventure."

Mrs. Eder has been watching Tournament parades since 1939 and was thrilled with the information that she and her husband will be the guests of the association for the parade and Rose Bowl game to be held this time on Monday, January 2.

Bob Chapman, son of Louis and Bonnie Chapman of 8916 Golf Drive has been named director of arrangements of California State Polytechnic College's 1956 Poly Royal.

Chapman, a junior animal husbandry major, will be a student officer of Poly Royal, a "Country Fair on a College Campus," which attracts more than 15,000 persons each year.

Highlights of the Poly Royal include: departmental exhibits, athletic events, hay rides, rodeo, a coronation ball, and a queen picked from a state college to reign over all-male Cal Poly.

Bob attended Spring Valley and La Mesa elementary schools before going to and graduating from Grossmont. He has been at Poly two years.

Since he has been in the north, Bob has leased a 400-acre farm, on which he grows hay and grain and is planning to raise replacement heifers for the dairy industry. He himself is doing part time work as a milker on one of the large dairies in that area.

Bob is married to the former Lillian Durlin, daughter of Mr. and Mrs. Lee Roy Durlin of South Cordoba Street, Casa de Oro. The couple has one daughter.
